

Smoking, Drinking and Drug Use Among Young People in England (SDD) Consultation questionnaire

Published 05 December 2017

Information and technology
for better health and care

NOTE: This version of the questionnaire has been created so that groups of respondents can share their thoughts before submitting a joint response.

For example respondents from the same organisation or user group may like to work together by circulating their thoughts via this document, before one representative submits a joint response on behalf of the organisation or user group.

The survey should be completed here: [SDD Survey](#)

Overview

The Smoking, Drinking and Drug Use Among Young People in England (SDD) survey is designed to monitor smoking, drinking and drug use among secondary school pupils aged 11 to 15.

SDD runs on a biannual basis and each survey includes a core section of questions covering the following:

- pupils' experience of smoking, drinking and drug use;
- consumption of cigarettes and alcoholic drinks in the last week; and
- awareness and availability of specific named drugs.

More detailed questions were also asked but the sample was split in two in order to make it possible for pupils to complete the questionnaire in one school period. Half the pupils were asked additional questions on smoking and drinking and the other half were asked additional questions on drug use. The additional questions included:

- where pupils get cigarettes, alcohol and drugs;
- attitudes of pupils and their families to smoking, drinking and drug taking;
- sources of information about smoking, drinking and drug taking;
- exposure to second-hand smoke;
- where and with whom pupils drink;
- experience of drunkenness; and
- types of drugs taken.

Why We Are Consulting

NHS Digital is undertaking this consultation to find out if there are any improvements that can be made to the SDD survey and to support the design of future surveys. We are currently reviewing the content of the survey and are consulting with users to ensure the survey continues to be relevant and to meet users' needs.

Your views will help determine what information on smoking, drinking and drug use amongst young people is collected through this survey in the future and how it is reported.

Your use of SDD information

1. Have you used, or do you think you will use, the survey data/findings from the 2016 SDD survey that was recently published?

Yes

No

If **No**, please say why you think you won't use any of the survey data or findings.
Then skip to question 5.

[Click here to enter text.](#)

2. What information from the SDD survey do you use/do you think you will use?

Select all that apply:

Information on smoking

Information on drinking

Information on drug use

3. What SDD data/findings have you used/do you think you will use?

The latest PDF report and Excel tables are available here: <http://digital.nhs.uk/pubs/sdd16>

Select all that apply:

PDF reports

Excel Tables

Dataset*

** Not all the information collected in the questionnaire could be reported on in the main PDF report but **more data** are made available in the UK Data Service catalogue for users to undertake their own analyses. The survey data are expected to become available early 2018.*

4. For what purpose(s) do you currently use the SDD outputs?

Select all that apply:

Informing policy making

Policy monitoring and evaluation

To measure the Public Health Outcomes Framework desired outcomes

Comparing local indicators with national figures

Planning services

To examine trends and behaviours

- Personal interest
- Research and analysis – academic
- Research and analysis – other
- Other(s) (please specify)

Survey content - smoking

The next three sections are about the content of the survey. Therefore you may find it useful to refer to the questionnaire which can be opened via [this link](#). It will open one document which contains both the smoking and alcohol focussed questionnaire, followed by the drugs focussed questionnaire.

5. The table below lists a number of different question areas around **smoking**.

Please indicate the three you think are most useful and the three you think are least useful by ticking the appropriate boxes:

Question Area	Most Useful	Least Useful
Awareness and use of electronic cigarettes	<input type="checkbox"/>	<input type="checkbox"/>
Attitudes to smoking, (e.g. is it OK to try smoking to see what it's like)	<input type="checkbox"/>	<input type="checkbox"/>
Perceptions of how many people their own age smoke	<input type="checkbox"/>	<input type="checkbox"/>
Whether information on smoking is provided in school	<input type="checkbox"/>	<input type="checkbox"/>
Access to information on smoking from different sources	<input type="checkbox"/>	<input type="checkbox"/>
Whether information provided by schools on smoking is considered sufficient	<input type="checkbox"/>	<input type="checkbox"/>
Family attitudes/perceived attitudes to young person smoking/starting to smoke	<input type="checkbox"/>	<input type="checkbox"/>
Dependence on smoking (e.g. whether they would like to give up, perceptions of how difficult it might be, have they tried to)	<input type="checkbox"/>	<input type="checkbox"/>
Length of time as regular smoker	<input type="checkbox"/>	<input type="checkbox"/>
Type of cigarettes smoked	<input type="checkbox"/>	<input type="checkbox"/>
Where young people get cigarettes from	<input type="checkbox"/>	<input type="checkbox"/>
Buying cigarettes from a shop (how easy/difficult this is, visibility, attempts to buy, quantity bought, frequency bought, refusals, asking others to buy)	<input type="checkbox"/>	<input type="checkbox"/>

cigarettes)		
Others buying cigarettes from a shop for young person (incl who and how often)	<input type="checkbox"/>	<input type="checkbox"/>
Smoking amongst family and friends	<input type="checkbox"/>	<input type="checkbox"/>
Exposure to others' smoke	<input type="checkbox"/>	<input type="checkbox"/>
Perceptions of why young people their age smoke	<input type="checkbox"/>	<input type="checkbox"/>
Whether people they live with smoke and whether they do this inside the home.	<input type="checkbox"/>	<input type="checkbox"/>
Reason(s) for smoking cigarette for first time	<input type="checkbox"/>	<input type="checkbox"/>
Reason(s) for trying e-cigarette for first time	<input type="checkbox"/>	<input type="checkbox"/>

6. Are there any questions on cigarette behaviour NOT included in the current survey that you would like to see in future surveys?

No

Yes

If Yes, please say what other questions on cigarette behaviour do you think should be included and why?

[Click here to enter text.](#)

7. Are there any questions on e-cigarette behaviour NOT included in the current survey that you would like to see in future surveys?

No

Yes

If Yes, please say what other questions on e-cigarettes do you think should be included and why?

[Click here to enter text.](#)

Survey content - drinking

8. The table below lists a number of different question areas around **drinking**.

Please indicate the three you think are most useful and the three you think are least useful by ticking the appropriate boxes:

Question Area	Most Useful	Least Useful
Frequency of being drunk in last 4 weeks	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Attitudes to drinking alcohol (e.g. is it OK to get drunk once a week)	<input type="checkbox"/>	<input type="checkbox"/>
Perceptions of how many people their own age drink	<input type="checkbox"/>	<input type="checkbox"/>
Whether information on drinking is provided in school	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Access to information on drinking alcohol from different sources	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Whether information provided by schools on drinking is considered sufficient	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Family attitudes to child starting drinking alcohol	<input type="checkbox"/>	<input type="checkbox"/>
Buying alcohol (where buy, ability to buy, other people buying it)	<input type="checkbox"/>	<input type="checkbox"/>
Other access to alcohol (given alcohol by family/friends/others, stealing/taking alcohol)	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Parental/guardian attitudes to drinking	<input type="checkbox"/>	<input type="checkbox"/>
Where young people drink alcohol and with whom	<input type="checkbox"/>	<input type="checkbox"/>
Whether young people had tried to get drunk	<input type="checkbox"/>	<input type="checkbox"/>
Experience of adverse consequences of drinking (e.g. vomiting, fights, losing money etc.)	<input type="checkbox"/>	<input type="checkbox"/>
Pubs, bars, clubs and drinking behaviour (e.g. frequency of visits, who with, whether bought and drank alcohol)	<input type="checkbox"/>	<input type="checkbox"/>
Perceptions of why young people their age drink	<input type="checkbox"/>	<input type="checkbox"/>
Whether people they live with drink and whether they do this inside the home	<input type="checkbox"/>	<input type="checkbox"/>
Reason(s) for drinking alcohol for the first time	<input checked="" type="checkbox"/>	<input type="checkbox"/>

9. Are there any questions on alcohol behaviour NOT included in the current survey that you would like to see in future surveys?

No

Yes

If Yes, please say what other questions on alcohol do you think should be included and why?

We believe that the SDD survey could benefit from breakdowns by region, by parents' income, and by parents' socioeconomic group (or deprivation), especially for the following metrics:

- Ever had an alcoholic drink, by sex and age
- Had an alcoholic drink in the last week
- Were drunk in the last four weeks

Survey content - drugs

10. The table below lists a number of different question areas around **drugs**. Please indicate the three you think are most useful and the three you think are least useful by ticking the appropriate boxes.

Question Area	Most Useful	Least Useful
Attitudes to taking drugs (e.g. is it OK to try cocaine to see what it's like)	<input type="checkbox"/>	<input type="checkbox"/>
Perceptions of how many people their own age take drugs	<input type="checkbox"/>	<input type="checkbox"/>
Whether information on taking drugs is provided in school	<input type="checkbox"/>	<input type="checkbox"/>
Access to information on taking drugs from different sources	<input type="checkbox"/>	<input type="checkbox"/>
Whether information provided by schools on drugs is considered sufficient	<input type="checkbox"/>	<input type="checkbox"/>
Outcomes from school lessons on drugs (e.g. helped young person think about risks, avoid drugs, find out more about drugs, what to do if offered)	<input type="checkbox"/>	<input type="checkbox"/>
Details of first occasion on which drugs were taken (i.e. type of drug(s) and who they got them from)	<input type="checkbox"/>	<input type="checkbox"/>
Details of most recent occasion of drug use (type of drug(s), how recent, where and from who the drugs were obtained, also whether drinking at time, who with)	<input type="checkbox"/>	<input type="checkbox"/>
Ease of access to drugs/whether have bought drugs in a shop/internet	<input type="checkbox"/>	<input type="checkbox"/>
Reason(s) for taking drugs for first time	<input type="checkbox"/>	<input type="checkbox"/>
Effects of drugs (how they make the young person feel)	<input type="checkbox"/>	<input type="checkbox"/>

Dependence on drugs (desire to stop and perceived need for help/treatment)	<input type="checkbox"/>	<input type="checkbox"/>
Family attitudes/perceived attitudes to young person taking drugs	<input type="checkbox"/>	<input type="checkbox"/>
Refusing drugs (if have refused and why)	<input type="checkbox"/>	<input type="checkbox"/>

11. The current survey asks pupils if they have heard of, been offered or used individual drugs, these are;

Cannabis
 Cocaine
 Crack
 Ecstasy
 Amphetamines
 Poppers
 Mephedrone
 LSD
 Magic mushrooms
 Ketamine
 Nitrous oxide
 New psychoactive substances (previously known as legal highs)
 Heroin
 Methadone
 Glue, gas, aerosols or solvents (volatile substances)
 Tranquillisers
 Other drugs

Are there any drugs NOT included in the current survey that you think should be included?

No

Yes

If Yes, please say what other drugs do you think should be included and why?

[Click here to enter text.](#)

12. Are there any questions on drug behaviour NOT included in the current survey that you would like to see in future surveys?

No

Yes

If Yes, please say what other questions on drugs do you think should be included and why?

[Click here to enter text.](#)

Reporting and analysis – all topics

13. Is there any other information or analyses that aren't currently included in the main SDD report (ie. the pdf and excel tables) that you think should be included?

The latest PDF report and Excel tables are available here:

<http://digital.nhs.uk/pubs/sdd16>

No

Yes

If Yes, please say what other information/analyses you think should be included and why?

[Click here to enter text.](#)

Reporting and Analysis – proposed changes

14. We are proposing to change a small number of the published tables in order to make them more useful. The proposed changes have been published on a supplementary information area on the NHS Digital website (link below), each table will give a brief overview of the proposed changes. If you agree with all proposed changes please select 'Agree with change' below, or if not please select 'Disagree with change' and say which table(s) you disagree with the proposed changes and why.

Proposed changes to tables

Proposed table change	Agree with change	Disagree with change
Table 2.5 – Cigarettes smoked in the last week, by smoking status	<input type="checkbox"/>	<input type="checkbox"/>
Table 2.9 – Mean number of cigarettes smoked per day, by sex	<input type="checkbox"/>	<input type="checkbox"/>
Table 7.1 – How obtained alcohol in the last four weeks	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Table 7.3 – How obtained alcohol in the last four weeks, by units of alcohol drunk in the last week	<input checked="" type="checkbox"/>	<input type="checkbox"/>

If you select 'Disagree with change', please state which table(s) you disagree with and why.

[Click here to enter text.](#)

Future Surveys

15. Below is a list of other potential ways of disseminating the results of the survey. Please tick the option you think would be most useful:

- | | |
|---|-------------------------------------|
| Presentations at seminars | <input type="checkbox"/> |
| Webinars | <input type="checkbox"/> |
| Videos | <input checked="" type="checkbox"/> |
| Interactive online analysis tools | <input type="checkbox"/> |
| Interactive quizzes using the survey findings | <input type="checkbox"/> |

16. Do you have any other ideas on how the results should be disseminated?

Yes

No

If Yes, please provide further details

[Click here to enter text.](#)

17. How often do you think SDD should be run?

- | | |
|---|-------------------------------------|
| Every year | <input checked="" type="checkbox"/> |
| Every two years (current format) | <input type="checkbox"/> |
| Every three years | <input type="checkbox"/> |
| Every four years | <input type="checkbox"/> |
| Every five years | <input type="checkbox"/> |
| Every seven years | <input type="checkbox"/> |
| Every ten years | <input type="checkbox"/> |
| No requirement for another survey | <input type="checkbox"/> |

18. If SDD was not run again, what impact would this have on your work?

- | | |
|-----------|-------------------------------------|
| High | <input checked="" type="checkbox"/> |
| Medium | <input type="checkbox"/> |
| Low | <input type="checkbox"/> |
| No impact | <input type="checkbox"/> |

Please describe what the impact would be?

The 'drinking' component of the SDD survey provides the single most up-to-date and accurate portrayal of young people's drinking in England. If it no longer ran, we would

have little or no idea of the extent to which pupils drink and therefore no way to reliably monitor and make sound evidence-based policy suggestions concerning underage drinking. The issue of underage drinking is too important to be undermined by the loss of such a valuable dataset.

19. If you have other comments or feedback about SDD or if you would like to expand on any of the answers you have provided please use the space below.

[Click here to enter text.](#)

20. Would you like to be involved in the design of any future surveys?

Yes (please ensure you have entered your email address)

No

21. Would you be happy for us to contact you to discuss your responses if we need clarification or to answer any questions you may have asked?

Yes (please ensure you have entered your email address)

No

22. How did you hear about this consultation?

NHS Digital website

NHS Digital tweet

Contacted directly by NHS Digital

Other (please specify)

Personal Details

Confidentiality and Data Protection

Please note that if you want the information that you provide to be treated as confidential, be aware that, under the Freedom of Information Act, there is a statutory Code of Practice with which public authorities must comply and which deals, among other things, with obligations of confidence. In view of this it would be helpful if you could explain to us why you regard the information you have provided as confidential. If we receive a request for disclosure of the information, we will take full account of your explanation but we cannot give assurance that confidentiality can be maintained in all circumstances.

Please complete the following details:

23. Full name:

Habib Kadiri

24. Email address:

hkadiri@ias.org.uk

If you enter your email address then you will automatically receive an acknowledgement email when you submit your response.

25. Type of respondent or organisation:

Please select the appropriate box.

- | | |
|--|-------------------------------------|
| Academic | <input type="checkbox"/> |
| Charity or voluntary organisation | <input checked="" type="checkbox"/> |
| Media | <input type="checkbox"/> |
| Member of the public | <input type="checkbox"/> |
| Private sector | <input type="checkbox"/> |
| Public sector - Department of Health | <input type="checkbox"/> |
| Public sector - Public Health England | <input type="checkbox"/> |
| Public sector - NHS England | <input type="checkbox"/> |
| Public sector - Other NHS organisation | <input type="checkbox"/> |
| Public sector - Local Authority | <input type="checkbox"/> |
| Public sector - Other | <input type="checkbox"/> |
| Other | <input type="checkbox"/> |

26. Organisation Name:

The Institute of Alcohol Studies

27. Is this a consolidated response on behalf of your organisation?

Yes

No

Thank you for completing this survey.

If you have any queries, please email: surveys.queries@nhs.net
